Summer Semester 2016/2017

Group plan 4CS2

	08:15 09:00	09:15 10:00	10:15 11:00	11:15 12:00	12:15 13:00	13:15 14:00	14:15 15:00	15:15 16:00	16:15 17:00	17:15 18:00	18:15 19:00	19:15 20:00
Monday	lecture **Microelectronics** dr inż. Grzegorz Jabłoński *Department of Microelectronics and Computer Science, Building B18, room A2*		laboratory **Microelectronics** *start on 6.03, Department of Microelectronics and Computer Science, Building B18, lab.C*		laboratory **Software Engineering** *start on 27.02, 1st part of the semester, CTI Building (B19) room 404*		language course **język obcy 4.1**		laboratory **Numerical Methods** *start 10.04, Institute of Mechatronics, Building A12*			
									lecture **Numerical Methods** *date: 3.04, Building A10, room E103*			
Tuesday	lecture **Numerical Methods** *Building A10, dates: 28.03 (room 105), 4.04 (room 103)*		language course **język obcy 4.2**		*contact hour with the student government*	lecture **Computer Architecture** dr inż. Witold Marańda *Department of Microelectronics and Computer Science, Building B18, room A2*		tutorials **Computer Architecture** *Building B18, room A2*	laboratory **Numerical Methods** *dates: 28.03, 4.04, Building A10, room E103*			
Wednesday	project **Team Project** *consultation hours*											
	lecture **Numerical Methods** *date: 29.03, Building A10, room E6*											
Thursday	lecture **Software Engineering** dr hab. inż. Laurent Babout 01 *start at 8.30*		lecture **Numerical Methods** *1st part of the semester, start on 2.03, Building A10, room E4*		laboratory **Computer Architecture** *start in the 8th week of the semester, Buildidng B18, lab. D*		language course **język obcy 4.1**		tutorials **Wychowanie fizyczne**			
					laboratory **Numerical Methods** *1st part of the semester, Building A10, lab.E3*							
Friday	laboratory **Team Project** mgr Adrianna Kozłowska 110		language course **język obcy 4.2**				lecture **Software Engineering** 16 *date 31.03*
