

Summer Semester 2016/2017

Group plan 2CS2

	08:15	09:00	09:15	10:00	10:15	11:00	11:15	12:00	12:15	13:00	13:15	14:00	14:15	15:00	15:15	16:00	16:15	17:00	17:15	18:00	18:15	19:00	19:15	20:00			
Monday			lecture Electrical Circuits and Measurements prof. dr hab. Michał Tadeusiewicz 16 <i>Electrical Circuits part</i>			tutorials Electrical Circuits and Measurements 16			lecture Modern Physics dr inż. Andrzej Brozi Aula IFE					language course język obcy													
Tuesday	language course język obcy			laboratory Electrical Circuits and Measurements <i>2nd part of the semester (Measurements part) ever week one group</i>					contact hour with <i>the student government</i>		tutorials Mathematics II dr inż. Sławomir Jagodziński 01																
Wed	lecture Programming and Data Structures dr inż. Grzegorz Jabłoński 02			laboratory Programming and Data Structures <i>Department of Microelectronics and Computer Science, Building B18, lab. D</i>							tutorials Wychowanie fizyczne			laboratory Modern Physics <i>start in the second week of the semester, Faculty of Biotechnology and Food Sciences, Building A3, laboratory 7a</i>													
Thursday	tutorials Business English for Engineers 1 mgr Joanna Miłosz-Bartczak 104			laboratory Java Fundamentals <i>Department of Microelectronics and Computer Science, Building B18, lab. C</i>					language course język obcy			laboratory Java Fundamentals dr inż. Bartosz Sakowicz <i>Department of Microelectronics and Computer Science, Building B18, room A3</i>															
Friday	language course język obcy			laboratory Electrical Circuits and Measurements <i>2nd part of the semester (Electrical Circuits part)</i>							lecture Mathematics II dr inż. Jakub Szczepaniak 02
